RCDD Certification Handbook
Congratulations on your decision and commitment to become an RCDD. You are on your way to earning an ICT design certification that is globally recognized and highly respected in the industry.

Dedicated information and communications technology (ICT) professionals such as yourself recognize and understand that holding a BICSI credential makes a difference in your career and the ICT industry. After earning the Registered Communications Distribution Designer® (RCDD®) credential, you will be recognized as an elite professional, knowledgeable and experienced in leading-edge ICT design principles. We appreciate your professional commitment in demonstrating the highest, global standard by acquiring an RCDD certification.

We develop and deliver the highest-quality credentialing programs that validate mastery in the field of ICT and contribute to the continued improvement of individual and organizational performance. We work closely with ICT professionals around the world to ensure that our programs are up-to-date and relevant for today’s competitive business environments.

This handbook provides an overview of the RCDD credential, including eligibility and recertification requirements. You will find detailed information to help guide you through the entire certification process.

We wish you much success,

George Thorning, RCDD
Registration & Credentials Supervision Committee (RCSC) Chair

Michael Bonaccorsi, RCDD
RCDD Subcommittee Chair

Ronda Thomas, CAE, SPHR, SHRM-SCP
BICSI RCSC Staff Liaison
Vice President of Credentialing

ABOUT BICSI AND THE RCDD CREDENTIAL

BICSI is a professional association supporting the advancement of the information and communications technology (ICT) community and currently serves more than 26,000 memberships and credentials. BICSI is the preeminent global resource for ICT credentials, standards, knowledge transfer and career development. Headquartered in Tampa, Florida, USA, BICSI membership spans nearly 100 countries.

ICT encompasses the design, management, integration and installation of pathways, spaces, optical fiber- and copper-based distribution systems, wireless-based systems and infrastructure that supports the transportation of information and associated signaling between and among communications and information gathering devices.

Through courses, conferences, publications and professional credentialing programs, BICSI staff and volunteers assist ICT professionals in delivering critical products and services and offer opportunities for continual improvement and enhanced professional stature.

BICSI established its credential programs to provide a level of assurance to the industry and to consumers that an individual has knowledge in a designated area of information and communications technology (ICT) design or installation. Our professional designations are valued globally and are recognized throughout the ICT industry.

Established in 1984, the Registered Communications Distribution Designer (RCDD) is the gold standard of all BICSI credentials. Those who achieve the RCDD designation have demonstrated their knowledge in the creation, planning, integration, execution and/or detail-oriented project management of telecommunications and data communications technology.

RCDD Definition

ICT/Distribution Design is the creation, planning, integration, execution and/or detail-oriented project management of information and communications technology (ICT).
What You Need to Know About the RCDD Credential

- Pinnacle designation in the ICT field
- Recognized by the ICT community and employers
- Required in bids and job requirements
- Uses the latest technologies, methods and best practices
- Opens doors and new opportunities for career growth
- Enhances credibility
- Recognized globally
- Built with your career in mind
- Meets the highest standards

RCDD CREDENTIALING PROCESS OVERVIEW

1. Application Submission
2. Application Approval
   - Approval can take up to 30 days.
3. Exam Eligibility
   - You have one year from the approval date to test for the RCDD.
4. Credential Recertification
   - You can complete the recertification process once you have met all the recertification requirements.
5. Credential Maintenance
   - You are required to earn 45 continuing education credits (CECs) and obtain one BICSI qualifying conference credit within your three-year certification cycle.
6. Certification Cycle
   - Your certification cycle begins the day you pass the exam.
7. Credential Suspension
   - Occurs 90 days after the credential expiration date if you have not fulfilled the recertification requirements. Credential is inactive and you are unable to use it.
8. Credential Expiration
   - Occurs one year after your expiration date if your recertification requirements have not been met.
Exam Delivery Statement
Pearson VUE is the exam delivery provider of BICSI exams. Pearson VUE is the world’s largest learning company with more than 35,000 employees working across the globe. They are the leader in computer-based testing, with testing centers located globally.

Non-Discrimination Policy
It is the policy of BICSI and Pearson VUE that no individual shall be excluded from the opportunity to participate in the BICSI RCDD Credentialing Program on the basis of gender, ethnic origin, national origin, religion, age or disability.

Sanctioned Countries
BICSI is committed to conducting business in compliance with the United States State Department of Foreign Assets Control (OFAC) Sanctions Programs and Country Information and the Specially Designated Nationals (SDNs) and Blocked Persons List. This includes any individual with a residence or a nationality of Iran, Syria, Crimea, Cuba or North Korea.

Individuals who present approved candidate identification during the admissions process showing a non-sanctioned country permanent residence may test and receive certifications. For more information, click here.

Contact Information
All questions and requests for information about the BICSI RCDD Credentialing Program should be directed to:

BICSI, 8610 Hidden River Parkway, Tampa, Florida 33637
Phone: +1 813.979.1991 or 800.242.7405 (USA & Canada toll-free)
Email: credentialing@bicsi.org

All questions and requests for information about exam scheduling should be directed to:

Pearson VUE, 5601 Green Valley Drive, Bloomington, Minnesota 55437
Phone: 866.904.4432 (USA & Canada toll-free)
Web: pearsonvue.com/bicsi

Name, Address and Email Information
BICSI will send you important information through email, text and postal mail. It is your responsibility to keep the contact information on your online BICSI Profile at bicsi.org current and up-to-date.
PHASE 1: DECIDE

Exam Eligibility Requirements
Applicants must meet specific educational and/or work experience criteria at the time they submit their application in order to be eligible to take the RCDD exam. The requirements are outlined below:

**Option #1:** 2 years of verifiable full-time work experience in ICT design AND a current BICSI certification holder in TECH, RTPM, DCDC or OSP.

**Option #2:** 2 years of verifiable full-time equivalent work experience in ICT design AND completion of 2 years of higher education course work in ICT. 2 years of higher education course work in ICT may include:
- STEM or Trade school
- Two-year degree
- ICT and industry related programs, apprenticeships or certifications
- Military training equivalent

**Option #3:** 5 years of verifiable ICT experience

Definitions and Examples
ICT Design related work experience includes the following:
- User requirements and needs analysis
- Site surveys
- Operational requirements, schematics or conceptual drawings
- Coordinate with Architects, Professional Engineers (PE), Authorities Having Jurisdiction (AHJ), vendors, trades, design teams, and/or stakeholders
- Review and comply with standards, codes and AHJ requirements
- Review and/or creation of:
  - Request for Proposal (RFP)
  - Request for Qualification (RFQ)
  - Scope of Work (SOW)
- Detailed design, specifications and drawings including:
  - Structured cabling systems and pathways
  - Rack positioning and layout drawings
  - Grounding and bonding systems
  - Telecommunications spaces
- Project documents, including but not limited to:
  - Design drawings
  - Project specifications
  - Bill of Materials (BOM)
  - Bid documents and pricing
  - Record drawings (as-builts)
- Support and assess the installation process

Evidence of completion of higher education course work includes:
- Certificates
- Diplomas
- Registrar’s documentation
- Other bona fide documents

Reasons to Become an RCDD
- Positive Impact on Professional Image
- Recognized by the ICT Community
- New Job and Promotion Opportunities
- Higher Salary Possibilities
- Expands ICT Career Field
RCDD CREDENTIALING PROCESS

**RCDD Bid Requirements**
You can expect an RCDD to follow current standards and best practices for improved quality and performance, including standards established and/or contributed to by: BICSI, Telecommunications Industry Association (TIA), American National Standards Institute (ANSI), National Electrical Contractors Association (NECA), American Institute of Architects (AIA) and Construction Specifications Institute (CSI).

RCDDs are required to demonstrate proficiency across a wide range of areas within structured cabling systems, including network, outside plant, wireless and electronic safety and security design, data centers and building automation systems (BAS). This expanded knowledge enables the RCDD to advise the owner/end user of the appropriate IT, AV and security requirements. The RCDD has learned to perform the design tasks related to these systems, including construction drawings and specifications.

The U.S. Courts Design Guide¹ requires that pathways and spaces be designed by an RCDD. Both the U.S. Defense Department’s Unified Facilities Criteria (UFC)-Telecommunications Building Cabling Systems Planning and Design² and the Army’s Technical Criteria for the Installation Information Infrastructure Architecture³ require an RCDD to provide design services.

During the Expansion of the Abu Dhabi International Airport⁴ in the United Arab Emirates it was required that the Testing Field Supervisor be an RCDD and that cabling installers have an RCDD on staff.

**GI Bill Information**
The BICSI RCDD exam may be eligible for GI Bill reimbursement for those who qualify. The VA pays only the exam costs, or up to $2,000 for each exam. Payment is issued after you submit proof of payment to the VA. The VA will pay for exams, even if you are unsuccessful in your attempt to earn a certification. For more information, including an application for reimbursement of exam fees, please visit the BICSI Credentialing web page at bicsi.org/gibill. Please note that BICSI exam requirements and retest policies still apply.

**U.S. Military Tuition Assistance Program**
Through the Credentialing Opportunities On-Line Program, qualifying U.S. military members can use their ICT-related installation, design and project management experience toward earning a BICSI credential. Recognized worldwide, our certification programs help you position yourself as an expert in the ICT industry and prepare you for a life-long career in an in-demand industry.

More information on the four available assistance programs can be found online at bicsi.org/COOL.

—I honestly don’t know where I would be today had I never discovered BICSI or taken advantage of all the training classes and certifications, especially the RCDD. Thanks to BICSI, my family and I can relax and enjoy my retirement and financial security.

—Terry Colegrove, RCDD, NTS, OSP, WD, Retired, Communication Infrastructure Designs, Inc., St. Charles, IL, USA
PHASE 2: PREPARE

Exam Blueprint
The exam is drawn from BICSI's *Telecommunications Distribution Methods Manual (TDMM)*. Approximately 80% of the questions are based on content from the *TDMM* core chapters. The Appendices at the end of the manual and Glossary are not on the exam. Highlighted chapters indicate a core chapter.

Exam Copyright
All exam questions are the copyrighted property of BICSI. Any attempt to reproduce all or part of an exam is strictly prohibited by law. Such attempts include, but are not limited to, removing materials from the exam room, aiding others in reconstructing any portion of an exam by any means, or selling, distributing, receiving, or having unauthorized possession of any portion of an exam. Alleged copyright violations will be investigated and, if warranted, prosecuted to the fullest extent of the law. It should also be noted that exam scores might be invalidated in the event of this type of suspected breach.

Suggested Study
No two candidates come to the exam with the same knowledge base, as ICT experience and educational backgrounds vary; therefore, it is not possible to train for or teach to the exam in its entirety. The best way to prepare is to review and study each functional area of the exam content outline for the RCDD Exam, as well as the suggested materials below:

<table>

PHASE 3: APPLY

Application Process
The following items must be completed and submitted to BICSI on your BICSI online profile.

- A fully completed online RCDD Exam Application.
- Current resumé.
- If applicable, a copy of degrees, diplomas and/or certifications.

ICT experience will be verified. Based on the verification process of your experience, BICSI reserves the right to require additional submittal as proof of experience. Failure to provide these additional requirements will result in rejection of the application.

Application Processing
BICSI processes applications in the order they are received. A nonrefundable application fee must accompany your application.

Please allow 30 days for approval.
**Fees**

Incomplete Applications
Exam candidates whose application is submitted without all the requirements will receive an email outlining what information is missing and when it is due. The missing information must be submitted by the due date or the application will be considered incomplete and will not be accepted. The exam application fee will be forfeited.

Application Denials
An application will not be approved, and/or the candidate’s authorization to test may be revoked, for any of the following reasons:

• Failure to meet the minimum eligibility requirements
• Application is incomplete
• Falsification of information on the application
• Misrepresentation of work experience or other information on the application
• Violation of testing policies and procedures

Refund Policy
Application fees are not refundable or transferable, including those found to be ineligible.

Legal Name
When submitting your application use your full legal name as it appears on your unexpired, valid, government-issued official identification documentation. This is the name that the testing administration site will use to verify your exam on your exam day. This is also the name that will appear on your official certification once you successfully pass the exam.

Eligibility Dates
Your application is valid for one year from the date it is approved. This is referred to as your eligibility dates in your Exam Authorization Letter.

Waiting Period
During any exam eligibility period (one year from the date of application approval), there is a 30-day waiting period between each unsuccessful exam attempt. After a third unsuccessful attempt, a 90-day waiting period will begin. You may be allotted additional attempts after the 90-day waiting period if your exam eligibility period is still valid.

Each exam retest requires the appropriate exam retest fee. If you do not pass the exam within your exam eligibility period, you can reapply for the exam by submitting a new application.

Terms and Conditions
You must agree to the following statements:

• I agree to inform BICSI, without delay, of matters that can affect my capability to continue to fulfill the certification requirements.
• In the event of a certification suspension, I will refrain from any use and/or further promotion of the certification while it is suspended.
• In the event of withdrawal or revocation of the certification, I will refrain from use of all references to a certified status.
• I will make claims regarding certification only with respect to the scope for which certification has been granted.
• I will not use the certification in such a manner as to bring BICSI into disrepute, and not make any statement regarding the certification which BICSI considers misleading or unauthorized.
• I will not use certification status or the credential in a misleading manner.
• I certify that I will not provide, receive or release any confidential exam information and/or materials (including, but not limited to: recording, copying, disclosing, sharing, publishing or otherwise transmitting exam information by any means and for any purpose) or participate in fraudulent test-taking practices.
PHASE 4: TEST

Requests for Special Accommodations
BICSI’s Registration & Credentials Supervision Committee complies with the Americans with Disabilities Act (ADA) and shall ensure no individual is deprived of the opportunity to take a BICSI certification examination solely by reason of a disability as defined under the ADA. Candidates must submit a written request and recent (within the last three years) supporting documentation related to disability needs. The request and supporting documentation must be received at least 30 calendar days prior to the examination. Requests for special testing accommodations require documentation of a formally diagnosed and qualified disability by a qualified professional who has provided evaluation or treatment for the candidate.

Appeal of Denial of Request for Special Accommodations
Candidates who are denied their request for Special Accommodations may file an appeal with the BICSI’s Registration & Credentials Supervision Executive Committee. The decision of Registration & Credentials Supervision Executive Committee is final. Credentialing@bicsi.org - Attn: RCSC Appeal.

How to Schedule
BICSI partners with Pearson VUE to deliver the RCDD exam in a computer-based testing format. Pearson VUE will notify you of any changes to test site availability due to bad weather, technical issues or other unscheduled events.

Once your application is approved, you will receive a BICSI Exam Authorization Letter by email confirming your approval. The authorization letter includes your candidate ID, first attempt exam fee voucher, as well as scheduling information.

We encourage you to schedule your exam appointment date as soon as you are approved. Scheduling early increases the chance you will receive your preferred testing date, time and location.

When scheduling an appointment, have the following information available:
• Your name exactly as it appears on your valid, unexpired government-issued ID
• Your candidate ID number
• The name of your exam sponsor (BICSI)
• The exam for which you are approved (RCDD-002)
• Your preferred appointment date, time and location
• First attempt exam fee voucher

To schedule online, visit pearsonvue.com/bicsi and click on “create an account” or “sign in,” if you already have a Pearson VUE account.

You can also schedule on the phone. To do so, call 888.602.6941. International phone numbers may vary. Please refer to the Pearson VUE website for alternate numbers, if needed.

Rescheduling or Cancellation Policy
You must contact Pearson VUE at least one business day prior to your scheduled appointment if you would like to reschedule or cancel your testing appointment. Rescheduling or canceling less than one full business day prior to your appointment may result in forfeiting your exam fees.
Exam Fee
Your first attempt exam fee is included in your application fee and is paid directly to BICSI. The first attempt exam fee includes registration and testing at any Pearson VUE location, and an exam score report for unsuccessful attempts. In the event you are unsuccessful, exam retest fees apply and are paid directly to Pearson VUE.

Exam Identification & Conduct Requirements
The RCDD certification exam is administered in highly secure testing centers. All exam candidates will be required to provide proof of identity with an unexpired original government-issued photo ID with signature, such as a driver's license, a passport or military ID. The name and photo on the primary or secondary ID must exactly match the name on the candidate's Exam Authorization Letter.

You will be required to provide a secondary ID. The following are acceptable forms of secondary identification:
- Valid employer identification card
- Valid credit card with signature
- Valid bank card with photo

</tbody>
</table>

Trained proctors will supervise the Pearson VUE testing centers. Irregularities observed or suspected by the proctors, or identified by subsequent statistical analysis of your answers on the exam, may result in your removal from participation in the exam or invalidation of your score. Irregularities include, but are not limited to, creating a disturbance, giving or receiving unauthorized information or aid to or from other examinees, or attempting to remove materials from the testing room. BICSI reserves the right to investigate each incident of misconduct or irregularity.

Candidates must be able to use a computer and mouse.

Candidates are not allowed to bring any items into the testing room (phones, watches, hats, etc.). All necessary items will be available during the exam, including calculators and a whiteboard for scratch paper.

There are no scheduled breaks during the exam. If a break is needed, the break will count towards the 2.5 hours you have to complete the exam.
Confidentiality
All exam questions are the copyrighted property of BICSI. It is forbidden under federal copyright law to copy, reproduce, record, distribute, display or share these examination questions by any means, in whole or in part.

New credential holders will be listed, by name only, in BICSI publications. Please contact us immediately if you wish to be excluded. Exam (pass/fail) results are confidential and will not be disclosed to anyone without candidate consent, unless directed by valid and lawful subpoena or court order.

When you submit your RCDD exam application, you agree to abide by the BICSI Terms and Conditions (found on page 12 of this handbook). Among other things, the Terms and Conditions address post-examination questions and discussions. It states: "...I certify that I will not provide, receive, or release any confidential examination information and/or materials (including, but not limited to: recording, copying, disclosing, sharing, publishing, or otherwise transmitting exam information by any means and for any purpose) or participate in fraudulent test-taking practices."

Any such discussion would be a potential violation of the BICSI Terms and Conditions and could affect the status of your credential, up to and including revocation of your credential or permanent suspension from any BICSI credential exams.

Passing Score
The RCDD exam is designed to identify candidates with proficiency in the necessary competencies and knowledge that drives success in the ICT industry. The passing score for the RCDD exam is determined by sound psychometric analysis. The passing score is established through a process called standard-setting, during which a selected panel of experts from the ICT field who currently hold the RCDD credential conduct a systematic evaluation of the test content. The panel discusses the qualifications for certification and makes a judgment on the level of knowledge an individual needs to be successful on the job. Their expert judgment is translated to a specific passing score on the exam using the statistical Angoff Method, a commonly used method in the credentialing industry.

Your performance on the RCDD exam will be measured against this predetermined standard. Your performance will not be measured against the performance of other individuals.

Results
After completing the examination, candidates who pass the exam will be notified of their passing status immediately at the testing facility. Candidates who are unsuccessful on the exam will be provided a score report. The score report is an explanation of your performance level on each of the topic areas covered on the exam. It is not an actual score. Each section has a different weighting based on the number of questions in each section. One section may have a smaller or larger number of questions than in the other sections. It is meant to provide you with the areas for which you may need some additional study.

Candidates who pass the exam will receive an official congratulatory letter, a credential certificate and lapel pin. The letter confirms that you successfully completed the RCDD certification process and also gives instructions on how to obtain the RCDD logo and digital stamp. The certificate and lapel pin will be sent 4–6 weeks after the exam. If you have a mailing address outside the U.S., please expect 8–10 weeks for receipt of your certificate packet.

Retest Information
There is a 30-day waiting period between each unsuccessful exam attempt. After a third unsuccessful attempt, a 90-day waiting period will begin. You may be allotted additional attempts after the 90-day waiting period if your exam eligibility period is still valid.

Each exam retest requires the appropriate exam retest fee. If you do not pass the exam within your exam eligibility period, you can reapply for the exam by submitting a new application.

Comments
If you would like to provide a comment on a specific question on the exam and have it reviewed by the RCSC, you may do so by making a comment in the exam using the comment feature. If you answer the question incorrectly and the committee determines a re-score, changing your final score from fail to pass, BICSI's Credentialing Department will notify you by email within 30 days of your exam. The time spent on commenting on questions is allotted in the 2.5 hour exam total time and only comments made during the exam will be reviewed.
PHASE 5: RECERTIFY

<table>
<thead>
<tr>
<th>STATUS</th>
<th>DEFINITION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Active</td>
<td>The status of a current credential.</td>
</tr>
<tr>
<td>Grace Period</td>
<td>The period between expiration of a credential and 90 days post expiration of that credential.</td>
</tr>
<tr>
<td>Inactive Suspended Period</td>
<td>The period after your grace period of 90 days through one year post-expiration of that credential.</td>
</tr>
<tr>
<td>Expired</td>
<td>The status of a credential greater than one year from expiration of that credential.</td>
</tr>
<tr>
<td>Reinstatement</td>
<td>The RCSC will review and vote on reinstatement requests of which have been provided documentation of undue hardship preventing recertification during the standard recertification and suspension period.</td>
</tr>
<tr>
<td>Re-examination</td>
<td>After a credential has lapsed for greater than one year from the expiration date and has not been approved for reinstatement.</td>
</tr>
</tbody>
</table>

**RCDD Credential Registration Period**

Your RCDD credential is valid for three complete calendar years, with an expiration date of 31 December. Your credential will be valid for the remainder of that calendar year in which you first passed the exam plus an additional three years, regardless of the month in which you passed the exam. For example, if you earned your RCDD certification on 20 September 2017, your credential expiration date would be 31 December 2020.

**Recertification Requirements**

Recertification is an important part of any respected certification program and it is required to maintain a certification after passing the exam. Recertification helps to ensure the validity and credibility of the RCDD credential. BICSI views learning as a life-long endeavor and places an emphasis upon continuing education as part of maintaining your RCDD status.

It is the RCDD’s professional responsibility to ensure that all requirements and conditions for recertification are satisfied and submitted to BICSI prior to the credential period ending. BICSI issues recertification reminders as a courtesy, but it is the credential holder who is ultimately responsible for keeping track and documenting continuing education credits (CECs) and any other requirements of the recertification process.

Within each three-year designation period, beginning when the exam is passed, all RCDDs must obtain a minimum of **45 approved CECs and one BICSI qualifying conference credit** to recertify. If you do not recertify by your designation period end date, you may no longer use your RCDD credential or represent yourself as certified.

The RCSC has implemented a Recertification Audit Policy. Your CEC submissions are subject to random audit no later than 30 days after you recertify your credential.

ALL CREDENTIAL HOLDERS ARE SUBJECT TO AN AUDIT.

As a credentialing body, BICSI’s Registration and Credential Supervision Committee (RCSC) requires certification maintenance to protect the quality and integrity of the certification programs. Knowledge and skills required for competent occupational and professional performance change over time. This maintenance process encourages credential holders to remain current in their field, it increases confidence among the public, employers and other stakeholders.

BICSI’s RCSC requires those holding a BICSI credential to participate in certification maintenance by adhering to the recertification requirements for the credential and to adhere to the Continuing Education Credit (CEC) Program at bicsi.org/cec in order to retain their certification.

As a BICSI credential holder, you have consented to the policies, processes and procedures of BICSI’s credentialing program which includes the Continuing Education Credit Program and adherence to the terms of the audit process. This means that all CEC documentation has been reviewed by you and that you are acting in accordance to these policies and procedures.

The recertification audit serves as a method to ensure that credential holders are meeting the minimum standards to maintain the knowledge and skills needed to remain current in the field of Information and Communications Technology (ICT) in cable infrastructure and design.

Please continue to submit CECs and supporting documentation as you earn them to easily keep up with the audit process. Please maintain copies of your records for 6 (six) months after recertifying your credential in case you are randomly selected for an audit.
AFTER BECOMING AN RCDD

Use of the Designation
Professionals who have met the certification standards defined by BICSI and who maintain their credential through the recertification process are authorized to use the RCDD designation, including an RCDD stamp.

Adding your RCDD credential to your professional profile will draw special attention to your achievement, and to the time and discipline involved in pursuing and attaining your goal. You may include your credential on business cards, in resumes, on your personal web pages, in bylines for articles or blog posts and in email signatures.

RCDD Stamp
We encourage you to use your RCDD stamp whenever appropriate. You are eligible to receive a complimentary digital RCDD stamp. Certification holders will be able to purchase a self-inking stamp from BICSI. The cost per stamp is $25, including tax and shipping, and can be ordered on your credential dashboard on your BICSI profile.

Credential Verification
The names of current credential holders are not considered confidential and may be published by BICSI. Published information may include name, city, state, country and organization. The names of all professionals holding the RCDD certification will be automatically listed in BICSI’s online Credential Holder Search Directory, searchable by city, state and country. It can be found online at bicsi.org/verify.

Records Retention
BICSI retains paper documentation for two years. You must retain copies of all documentation sent to BICSI.

Certificate Frame
Show your BICSI certification pride by ordering a high-quality frame for your new certificate. Visit: framingsuccess.com and type “BICSI” in the search field.
Reinstatement Policy for Lapsed Credential Holders
Reinstatement of a lapsed credential is allowed under certain circumstances. Eligibility is available to any credential holder who has lapsed recertification for no more than two terms past the credential’s original expiration date and the procedures to reacquire your credential is as follows:

Option 1
• Retest.

Option 2
• Provide documentation for the continued work of a RCDD performed over the lapsed period.
  • List any ICT training attended during the lapsed period.
• Attend and complete the DD102 class.
• Pay reinstatement fee.

Reinstatements: The credential will remain in expired status until the completion of the requirements outlined in this policy. The lapsed credential amnesty reinstatement opportunity is available to a lapsed credential holder one time only. Any future lapsed periods will require a retest to earn certification.

Recertification Suspension Policy
A suspension period is intended to allow you the opportunity to complete your expired credentials’ recertification requirements without the loss of the credential. The expired certification will instead be suspended (invalid) until all recertification requirements have been satisfied as defined below.

The suspension shall be provided automatically after 90 days past the expiration date.

You will receive a notice of expiration and placement into the suspension period. The suspension shall expire one year from the certification’s original expiration date.

The suspension period will not alter the recertification period dates or change the certification’s original expiration date. BICSI’s website will indicate the credential holder’s suspended certification during any suspended period. If proof of the suspension period is required by someone other than the credential holder (i.e. client or employer), you may log into your BICSI profile for status of your certification.

To view the Suspension Policy, in it's entirety, as well as the conditions of suspension, please visit the BICSI Credentialing webpage at bicsi.org/recertify.
Code of Ethics
BICSI’s Code of Ethics is based on the principles which assume that societies are governed by a profound respect for human rights and the rule of law. In addition, these principles support the thought that ethics, the criteria for determining what is right and wrong, can be agreed upon by members of an organization and that understanding matters of taste requires sensitivity to cultural norms. An ethics complaint may be filed when there is a concern of a violation of the BICSI Standards of Conduct. Information regarding the process for filing an ethics complaint is in the Procedures and Policies document, which can be found on BICSI’s website at bicsi.org.

Standards of Conduct
BICSI has established the Ethics Committee, the Standards of Conduct and the Code of Ethics to reinforce the following position: It is important that the BICSI members and/or its credential holders exhibit the highest principles of ethical and professional behavior in the provision of their products and services associated with the information and communications technology (ICT) industry. These codes and standards serve to enhance public confidence in the integrity and service of BICSI members and/or credential holders.

Adherence to the **14 Standards of Conduct** is mandatory.

As a BICSI member and/or BICSI credential holder, I have an ethical and professional obligation to the association, ICT industry and its consumers. I therefore pledge to:

1. Maintain a high standard of professional conduct.
2. Protect and enhance the reputation of the BICSI organization, the credentialing program and my credential through my actions.
3. Maintain the confidentiality of privileged information entrusted or known to me by virtue of my profession or position, unless disclosure is required by law or agreement.
4. Be accurate and truthful in my dealings with clients and be careful not to misrepresent the quality, availability or ability of the services I provide.
5. Never, under any circumstances, make a recommendation misrepresenting or misstating any other individual’s qualifications, abilities or accomplishments.
6. Provide unbiased, accurate and objective assessments for all safety and operational deficiencies that may be discovered during the performance of my services.
7. Refrain from representing competitors to clients, or the public, by the use of false and misleading statements or malicious actions, but rather work and compete with them in a reasonable and professional manner for the benefit and advancement of our profession.
8. Refrain from using false and misleading statements or malicious actions that might injure another person’s reputation or bring harm to their person or property.
9. Respect a client’s decision in the selection of competitive services, and continue to offer and provide that client with quality services for as long as is necessary or requested.
10. Serve all members of the public impartially, providing no substandard service based on that individual’s age, race, national origin, color, sex, sexual orientation, disability or religious belief.
11. Adhere to all relevant codes, laws, ICT industry standards and BICSI methodologies, where appropriate.
12. Take personal responsibility to ensure that all requirements necessary for the renewal of any BICSI credential that I hold is met on, or before, the expiration date.
13. Be accurate, honest and truthful in the presentation of all educational material or in the preparation of material orders and product availability.
14. I will not misrepresent my BICSI credential nor willingly allow others to do so.
BICSI ANTITRUST STATEMENT

BICSI believes strongly in competition. U.S. antitrust laws are the rules under which our competitive system operates. It is BICSI’s policy to comply in all respects with the antitrust laws.

Association meetings or workshops by their very nature bring competitors together. Accordingly, it is necessary to avoid discussions of sensitive topics. Agreements to fix prices, allocate markets, engage in product boycotts and to refuse to deal with third parties are automatically illegal under the antitrust laws. It does not matter what the reason for the agreement might be.

Accordingly, at any association meeting discussions of prices (including elements of prices such as allowances and credit terms), quality ratings of suppliers, and discussions that may cause a competitor to cease purchasing from a particular supplier, or selling to a particular customer, should be avoided. Also, there should be no discussion that might be interpreted as a dividing up of territories.

An antitrust violation does not require proof of a formal agreement. A discussion of a sensitive topic, such as price, followed by action by those involved or present at the discussion is enough to show a price-fixing conspiracy. As a result, those attending an association-sponsored meeting should remember the importance of avoiding not only unlawful activities, but even the appearance of unlawful activity.
