BICSI Code of Ethics

BICSI’s Code of Ethics is based on the principles which assume that societies are governed by a profound respect for human rights and the rule of law. In addition, these principles support the thought that ethics, the criteria for determining what is right and wrong, can be agreed upon by members of an organization and that understanding matters of taste requires sensitivity to cultural norms.

BICSI has established the Ethics Committee, the Standards of Conduct and the Code of Ethics to reinforce BICSI’s position on the importance of its members and BICSI credential holders exhibiting the highest principles of ethical and professional behavior in the provision of their products and services associated with the information and communications technology (ICT) community.

The BICSI Code of Ethics provides a way for individuals to resolve situations that may be encountered that violate the BICSI Standards of Conduct.

The Standards of Conduct and the Code of Ethics apply to BICSI’s general membership and credential holders.

An ethics complaint may be filed when there is a concern of a violation of the BICSI Standards of Conduct. Information regarding the process for filing an ethics complaint can be found on BICSI’s website at www.bicsi.org.

BICSI Standards of Conduct violations:
- BICSI’s general membership and credential holders are expected to exercise good judgment. When in doubt, one must ask, “Is it ethical? Is it legal?” If the answer is “maybe” or “no,” one must reconsider their action to make sure they maintain a high standard of personal and professional conduct.
- It is everyone’s responsibility to report to the BICSI Ethics Committee any violations of the BICSI Standards of Conduct, including, but not limited to:
  - Misrepresenting or misstating accurate and truthful dealings in customer relationship and services provided.
  - Misrepresenting or misstating accurate and truthful presentation of educational material and profession-related documentation.
  - Misrepresenting or misstating another individual’s qualifications, abilities and/or accomplishments.
  - Misleading in the adherence of applicable codes, laws, industry standards and BICSI methodologies.
  - Using misleading statements or malicious actions that result in injuring a colleague’s reputation or physically harming a person or property.
  - Misuse of BICSI credentials stamps and/or BICSI’s logo.
  - Discriminating against an individual based on age, race, national origin, color, sex, sexual orientation, disability or religious belief.

Violations of the Standards of Conduct are taken seriously by BICSI. Upon report of a violation, BICSI’s Ethics Committee will conduct an investigation. After the investigation, if a violation is confirmed, appropriate disciplinary action will be taken.

Disciplinary actions include:
- Admonishment: a written warning. An admonishment is not entered into the member/credential holder’s record and is not published to membership or the general public.
- Reprimand: a serious written warning. A reprimand is entered into the member/credential holder’s record for a period of two (2) years. A reprimand is not published to membership or the general public. An appeal process is available.
- Censure: A formal written expression of criticism and disapproval for a violation. A censure is entered into the member/credential holder’s record and is published to membership or the general public. An appeal process is available.
- Suspension: A temporary revocation of the rights and privileges of membership and/or credential. A suspension is entered into the member/credential holder’s record and is published to membership and the general public. It will remain permanently on his/her record. An appeal process is available.
- Expulsion: A complete termination of membership and/or credential holder status or any affiliation with BICSI. An expulsion is published to membership and the general public. It will remain permanently on his/her record. An appeal process is available.

Complaints may also be filed relating to concerns of fraudulent claims of BICSI membership, registrations or certifications.

Retaliation against anyone filing a complaint to the Ethics Committee constitutes a violation of the Standards of Conduct and will be treated as unethical conduct and will be subject to disciplinary action.
